

REMARKS/ARGUMENTS

Applicant respectfully requests that claims 1, 5, and 22 be amended by replacing “having” with “comprising”, in keeping with recommended usage in the MPEP. This amendment is not intended to change the scope of the allowed claims.

Applicant proposes amending claim 5 by adding a limitation already presented, considered, and allowed in claim 1, namely that the lower edge of the front awning is raised off the ground when the shelter canopy is raised off the ground on its poles.

The proposed changes are not believed to require any further searching or consideration on the merits by the Examiner, or to have any effect on the Examiner’s reasons for allowance. If the Examiner has any questions, he is invited to call applicant’s undersigned attorney at 231-932-9752.

Respectfully submitted,

/Jason J. Young/
